On Sept. 14 at 6:30 pm Kevin hosted a 2nd Public Meeting at Maples Community Centre

I would estimate about 60 plus people attended in total

Residents of Winnipeg North were notified by, over 10,000 phone calls, thousands of notices, almost 2,000 emails were sent out and social media.

Both meetings were facilitated by Kevin Lamoureux and dealt in most part on the issue of Electoral reform.

Reporting on items that seemed to be widely acceptance by people in both meetings included the following:

That the Prime Minister did make a commitment to change the system and that the Green and New Democrats also supported changing the system.

That any new system not be complicated

That Election Canada educate and encourage democratic involvement

Concerns were consistently expressed about Canada having stable Governments and that MPs not lose out to political parties with respect to the importance of the ballot and accountability
