Re: Submission to the Special Joint Committee by the Canadian Nurses Protective Society

To Whom It May Concern:

The Association of Registered Nurses of Prince Edward Island (ARNPEI) is a member of the Canadian Nurses Protective Society (CNPS). In accordance with the RN Act of PEI, ARNPEI's mandate includes regulating the practice of nursing and the practice of nurse practitioners in order to serve and protect the public interest.

ARNPEI has reviewed the CNPS' written submission regarding options for a legislative response to the *Carter v. Canada* decision. ARNPEI agrees with and fully supports the CNPS submission.

Sincerely,

Becky Gosbee RN MScN  
Executive Director
