

BILL C-6 MAKES GOOD COUNSELING SESSIONS CRIMINAL

Counselor and therapist Dr. Ann Gillies says, "Canadians want to ensure that any adult or child, will be protected from torture or coercion," says Dr. Gillies. "However, the federal law does not even use those words in defining 'conversion therapy.' And those practices are already banned under the criminal code....." Dr. Gillies says the definition used by the federal government is so broad that even minors like "Rachel" who no longer want to transition, would be prevented from getting counseling, even from their parents. Only people who would encourage a gender transition or certain sexual behaviours, would be allowed to counsel minors. "We need to support Canadians, regardless of how they choose to identify," says Gilles. **This law discriminates against "Rachel," preventing people like her from choosing their support.** Please read Press Release by Dr. Ann E. . BILL C-6 PUTS GOOD PARENTS IN PRISON AND LEAVES THEIR CHILDREN IN THE CARE OF THE GOVERNMENT

Parents who seek help to restore their children to their birth gender or leave the country to find help will be put to jail for up to 5 years. These children without their parents caring for them will be put into foster homes. CTV reported on March 5 this year that "kids who grow up in foster care, turning 19 can be incredibly daunting. In B.C., this is when most age out and **get cut off from emotional and financial support, leaving them at risk for poverty, drug use and suicide.** A 2018 report released by the B.C. Coroner's Service said young people transitioning from government care to independence **died at five times the rate of their peers** – a statistic which does not sit well with Dylan Cohen." This is what Bill C-6 is doing to our children – the future of Canada. I beseege you to think it over and do everything in your power to save this nation! CANADIANS DESERVE RIGHT TO CHOOSE THEIR HEALTHCARE, INCLUDING COUNSELING

"The Conservative Party must protect the right of Canadians to select a counselor of their choice," says a Canadian professional counselor. Dr. Ann Gillies, who has counseled Canadians on a host of issues, is very concerned about that the reintroduction of a federal law to ban, "conversion therapy
