Deputy Minister  
of Foreign Affairs

Sous-ministre  
des Affaires étrangères

July 22, 2024

Ms. Danielle Widmer  
Clerk of the Committee  
Standing Committee on Foreign Affairs and International Development  
House of Commons  
131 Queen Street, 6th Floor  
Ottawa ON K1A 0A6

Dear Ms. Widmer:

Further to my letter sent June 21, 2024, I am writing to provide under cover of this letter GAC's second instalment of unredacted information in both official languages, pursuant to the Committee's motion adopted on May 22, 2024.

You will find enclosed a second instalment of valid export permits, for the export of military goods and technologies to Israel. The attached table includes a list of permits issued, validity dates, item descriptions, and key additional information. The data set consists of new information, but excludes the data provided to the committee on June 21. Included in the list are permits which were provided to the Committee in March. Please note that the March list contained amendments issued after October 7, 2023 to previously issued permits. This data set omits permit amendments to avoid double-counting (any amendment information is now reflected in the details of the original permits).

In providing this list, GAC has undertaken a significant manual, permit-by-permit effort to provide more precise item descriptions than the permit software system is able to produce. Please also note that GAC does not typically release information relating to individual export permits in order to respect commercial confidentiality, however, pursuant to the Committee's motion, every effort has been made to provide as much information as possible while respecting legal obligations.

.../2

-2-

We will continue to work diligently to provide the Committee with the next instalment by August 21, 2024. We look forward to continuing to work with you to ensure the delivery of documents to support the Committee in its study.

Sincerely,

**Morrison, David** Digitally signed by Morrison,  
David
