Science and Technology**

HOUSE OF COMMONS
CHAMBRE DES COMMUNES
CANADA

**Comité permanent de l'industrie, des
sciences et de la technologie**

Ottawa, Wednesday, March 21, 2018.

Mrs. Julie Dabrusin
Chair of the Standing Committee
on Canadian Heritage
House of Commons
Ottawa, Ontario K1A 0A6

Dear Colleague,

Following the invitation from the Honourable Navdeep Bains and the Honourable Mélanie Joly soliciting the expertise of the Standing Committee on Canadian Heritage as part of the statutory review of the *Copyright Act*, the Standing Committee on Industry, Science and Technology adopted yesterday the following motion:

That the Standing Committee on Industry, Science and Technology request that the Standing Committee on Canadian Heritage conduct a study, in the context of copyright, on remuneration models for artists and creative industries, including rights management and the challenges and opportunities of new access points for creative content such as streaming and emerging platforms.

That Standing Committee on Canadian Heritage call upon the expertise of a broad range of stakeholders impacted by copyright to ensure a holistic understanding of issues at play.

That Standing Committee on Canadian Heritage provide Standing Committee on Industry, Science and Technology with a summary of testimony and recommendations related to the items mentioned above for the parliamentary review of the *Copyright Act*.

I would like to thank ahead of time the Standing Committee on Canadian Heritage for its contribution to the statutory review of the *Copyright Act*. Please accept, Mrs. Dabrusin, my very best regards.
