

Brief to the Standing Committee on Justice and Human Rights

On behalf of Randy Boissonnault, MP

This brief is submitted to the Justice Committee on behalf of Randy Boissonnault, MP for Edmonton Centre & Special Advisor to the Prime Minister on LGBTQ2 issues. In this brief are a selection of discriminatory and homophobic comments on the official MP Twitter account from April to May 2019. As the first ever Special Advisor to the Prime Minister on LGBTQ2 issues, MP Boissonnault is a frequent target of hateful commentary online.

While Canada has significantly advanced LGBTQ2 rights, homophobia, biphobia, and transphobia are still prevalent, particularly online. This discrimination highlights the need for Mr. Boissonnault's role as Special Advisor in order to advocate for LGBTQ2 rights and safety in public spaces. This kind of language halts civil discourse and creates an unsafe environment, particularly for the LGBTQ2 community. Mr. Boissonnault hired a full-time communications director in order to manage and flag online hate to the Parliamentary Protective Service. Additionally, if these comments are being directed at a public figure, online hate clearly has severe detrimental effects for marginalized communities. This also acts as a deterrent for those from minority communities to run for office and participate in public spaces. We submit this brief in order to highlight the hateful rhetoric directed at Mr. Boissonnault to address and combat online hate.

You were moved by a cowardly submissive act of placating people who have sex with the same genitals as them.

It's not sacred, it's weak political correctness gone sideways.

Next you will be forced to apologize to pedophiles. That's where all of this bowing is headed, fast.

Do you do any work for the government of Canada? It seems to be all about the gay community for you. You shouldn't be paid by the government of Canada for what you do, resign and shame before you get booted

Hurry up election 2019 so we can boot Randy and many of his colleagues and the prime minister out of office. LGBTQ2 is only 1.9% of the population. Liberals are wasting money on this percentage. What have you did for the other 98.1%?? Not a dam thing. Shame on you again

Absolutely disgusting and of course put out by the morally bankrupt liberals (leftists) who are bigots against Jesus, the Bible and slowly attempting to destroy the christian heritage that has made canada a great nation pushing their gay supremacy... What a legacy of shame.

WTF are you doing with the flags in the background? Since when does a gaypride flag go in front of the Alberta flag? Such disrespect to our province.

Was thinking the same thing that flag has no place among our national and provincial flags.

Is that sexual gratification flag dominating the provincial & Canadian flag? Why is he trying to make us think of who he chooses to love or where he puts his penis? Love & Sexual expression is a private matter.

Bloomin' Jack Nationalist @JacquesNationa1 · Apr 24

In the 60's it was illegal to have oral sex in the privacy of our own homes. The gay rights movement helped stop that nonsense. But it's wrong for a politician to dominate Canadian & provincial flags with a rainbow flag. Sex, religion...they're sacred & private. Unless harmful.
