Employee Survey Questions

BMT Canada believes that all employees should be treated fairly. We promote employment equity in the workplace to ensure that women, Aboriginal peoples, persons with disabilities and visible minorities are fully represented at all levels of our organization. Our employment equity program ensures that our hiring and promotion practices are based on qualifications and ability.

As part of our employment equity program, we are collecting information about our workforce through this questionnaire. Identifying as a member of a designated group (women, Aboriginal peoples, persons with disabilities and visible minorities) will help create an accurate picture of our workforce.

BMT is a safe environment in which to self-identify. You can ask for the accommodation you need to fulfil your work-related duties to the best of your ability.

We are asking everyone to please provide your name, employment status and select whether you would like to provide additional information. Having a high response rate is an important part of the Employment Equity Program (even if you choose not to self-identify)

The responses that you provide on this form will be retained for statistical purposes only as it relates to the employment equity program; your confidentiality is protected even though we ask you to provide your name. You will have an opportunity to update your information each year, although you can update information about yourself at any time.

This questionnaire is available in large print or verbally upon request.

- The organization appears to have properly coded its positions using the 2011 National Occupational Classification (NOC).

RECOMMENDATION

I recommend that the employer be found:

in compliance in non-compliance

Having assessed the data submitted by the employer regarding its workforce and, considering their unique circumstances, I recommend the closing letter include the following:

- We noted that many short-term goals were set at levels that are well above labour market availability in many Employment Equity Occupational Groups (EEOG). We would recommend that these be revised downward and be set at least at Labour Market Availability to ensure that goals remain attainable, to be cognizant of the effects of the goals on non-designated group members and to ensure that they do not promote the hiring and promotion of unqualified persons.
- We also noted areas where goals were set despite a gap not being identified in the workforce analysis. We want to remind you that you are only required to set goals where a gap occurs.
- Given that the self-identification survey response rate is below the expected rate of 80% and that BMT Canada Ltd. is voluntarily participating in the program, we recommend that the organization design a follow-up strategy aimed at increasing the return and response rates.

Based on a review of the information submitted by your organization, you will find recommendations below for your consideration to ensure the ongoing success of BMT Canada Ltd.'s employment equity program.

- We noted that many short-term goals were set at levels that are well above labour market availability in many Employment Equity Occupational Groups (EEOG). We would recommend that these be revised downward and be set at least at Labour Market Availability to ensure that goals remain attainable, to be cognizant of the effects of the goals on non-designated group members and to ensure that they do not promote the hiring and promotion of unqualified persons.
- We also noted areas where goals were set despite a gap not being identified in the workforce analysis. We want to remind you that you are only required to set goals where a gap occurs.
- Given that the self-identification survey response rate is below the expected rate of 80% and that BMT Canada Ltd. is voluntarily participating in the program, we recommend that the organization design a follow-up strategy aimed at increasing the return and response rates.

Next Steps

Under the terms of the FCP, your organization will be subject to a subsequent compliance assessment every three years. As a voluntary contractor, you can withdraw from the FCP without penalty at any time. The next assessment will be initiated on **January 17, 2023**. Future compliance assessments will focus on the achievement of reasonable progress in meeting the goals established in your organization's initial or updated employment equity submission.

When BMT Canada Ltd. is notified of a subsequent assessment, the following information will be required:

1. Workforce data (Form1 to 6) at the national level.
2. A current workforce analysis; and
3. A completed Achievement Report that includes revised short-term and long-term numerical goals for any remaining gaps in representation.

These documents will allow the Labour Program to assess whether or not reasonable progress has been made since the previous assessment. If reasonable progress has not been made, BMT Canada Ltd. will

be required to demonstrate that it has made reasonable efforts to achieve its goals. We encourage your organization to develop an action plan to ensure that goals will be met.

The FCP does not prescribe measures to be undertaken. Each federal contractor is encouraged to implement employment equity in ways that are meaningful and relevant to their organization. Evidence of reasonable efforts could include:

- the implementation of initiatives to foster a diverse and inclusive workplace;
- measures to remove employment barriers;
- tailored programs to attract and retain designated group members in areas where they are under-represented; and
- the establishment of accountability mechanisms supported by senior management to ensure that goals are met.

You may also visit our website to access a number of tools. In particular, we encourage your organization to continue using the Workplace Equity Information Management System (WEIMS). WEIMS can assist you in generating your workforce analysis and contains other data analysis tools, including the Achievement Report, as well as a series of training modules.

Should you require any further information regarding your organization's obligations under the FCP, please contact Maurice Yakibonge at maurice.yakibonge@labour-travail.gc.ca.

Your cooperation during the course of this compliance assessment was appreciated and we wish BMT Canada Ltd. continued success in achieving a diverse and inclusive workplace.
