Cette information est également disponible en français sur demande.

Dear Lana Lewis:

I am writing to inform you that the compliance assessment initiated on June 28, 2018 has been completed. As a result of the assessment, Bridges of Canada Inc has been found to be in compliance with the requirements of the Federal Contractors Program (FCP) under the Employment Equity Act.

The purpose of this initial assessment was to verify that your organization has taken steps to achieve employment equity by surveying its workforce, conducting a workforce analysis and setting hiring and promotion goals where gaps in the representation of the designated groups were identified.

Based on a review of the information submitted by your organization, you will find recommendations below for your consideration to ensure the ongoing success of Bridges of Canada Inc's employment equity program.

- We recommend that Bridges of Canada continue to implement hiring practices that encourage recruitment in the four designated groups to avoid gaps in representation. It would also be beneficial for this organization to focus efforts on retention and to continue eliminating barriers to employment equity.
- As some long-term goals have been set in excess of availability, we recommend that Bridges of Canada conduct an Employment Systems Review (ESR) of their recruitment and hiring policies and practices to assist them in meeting these goals. A guide for completing an ESR can be found at the following link: <https://equity.esdc.gc.ca/docs/Step2-2EN.pdf>.

Next Steps

Under the terms of the FCP, your organization will be subject to a subsequent compliance assessment four years after the award date of your initial goods or services contract and every three years thereafter. The next assessment will be initiated on June 28, 2021. Future compliance assessments will focus on the achievement of reasonable progress in meeting the goals established in your organization's initial or updated employment equity submission.

When Bridges of Canada Inc is notified of a subsequent assessment, the following information will be required:

1. Workforce data (Form1 to 6) at the national level.
2. A current workforce analysis; and
3. A completed Achievement Report that includes revised short-term and long-term numerical goals for any remaining gaps in representation.

These documents will allow the Labour Program to assess whether or not reasonable progress has been made since the previous assessment. If reasonable progress has not been made, Bridges of Canada Inc will be required to demonstrate that it has made reasonable efforts to achieve its goals. We encourage your organization to develop an action plan to ensure that goals will be met.

The FCP does not prescribe measures to be undertaken. Each federal contractor is encouraged to implement employment equity in ways that are meaningful and relevant to their organization. Evidence of reasonable efforts could include:

- the implementation of initiatives to foster a diverse and inclusive workplace;
- measures to remove employment barriers;
- tailored programs to attract and retain designated group members in areas where they are under-represented; and
- the establishment of accountability mechanisms supported by senior management to ensure that goals are met.

You may also visit our website to access a number of tools. In particular, we encourage your organization to continue using the Workplace Equity Information Management System (WEIMS). WEIMS can assist you in generating your workforce analysis and contains other data analysis tools, including the Achievement Report, as well as a series of training modules.

Should you require any further information regarding your organization's obligations under the FCP, please contact Alicia Dobney at alicia.dobney@labour-travail.gc.ca.

Your cooperation during the course of this compliance assessment was appreciated and we wish Bridges of Canada Inc continued success in achieving a diverse and inclusive workplace.
