RECOMMENDATION

I recommend that the employer be found: \boxtimes in compliance \square in non-compliance

Having assessed the data submitted by the employer regarding its workforce and considered its unique circumstances; I recommend that the closing letter include the following:

 We note that many short-term goals were set at levels well above labour market availability in some Employment Equity Occupational Groups (EEOG) for members of visible minorities. We would recommend that these be lowered to ensure goals remain attainable, to be cognizant of the effects of the goals on non-designated group members, and to ensure they do not force the hiring and/or promotion of persons who do not meet the essential qualifications for the work to be performed.

with the Federal Contractors Program

Cette information est également disponible en français sur demande.

Dear Tracey Wallace:

I am writing to inform you that the compliance assessment initiated on April 19, 2018 has been completed. As a result of the assessment, Carillion Canada Inc. has been found to be in compliance with the requirements of the <u>Federal</u> Contractors Program (FCP) under the <u>Employment Equity Act</u>.

The purpose of this initial assessment was to verify that your organization has taken steps to achieve employment equity by surveying its workforce, conducting a workforce analysis and setting hiring and promotion goals where gaps in the representation of the designated groups were identified.

Based on a review of the information submitted by your organization, you will find recommendations below for your consideration to ensure the ongoing success of Carillion Canada Inc.'s employment equity program.

We note that many short-term goals were set at levels well above labour market availability in some
Employment Equity Occupational Groups (EEOG) for members of visible minorities. We would recommend
that these be lowered to ensure goals remain attainable, to be cognizant of the effects of the goals on nondesignated group members, and to ensure they do not force the hiring and/or promotion of persons who do
not meet the essential qualifications for the work to be performed.

Next Steps

Under the terms of the FCP, your organization will be subject to a subsequent compliance assessment four years after the award date of your initial goods or services contract and every three years thereafter. The next assessment will be initiated on April 19, 2021. Future compliance assessments will focus on the achievement of reasonable progress in meeting the goals established in your organization's initial or updated employment equity submission.

When Carillion Canada Inc. is notified of a subsequent assessment, the following information will be required:

- 1. Workforce data (Form1 to 6) at the national level.
- 2. A current workforce analysis; and
- 3. A completed Achievement Report that includes revised short-term and long-term numerical goals for any remaining gaps in representation.

These documents will allow the Labour Program to assess whether or not reasonable progress has been made since the previous assessment. If reasonable progress has not been made, Carillion Canada Inc. will be required to demonstrate that it has made reasonable efforts to achieve its goals. We encourage your organization to develop an action plan to ensure that goals will be met.

The FCP does not prescribe measures to be undertaken. Each federal contractor is encouraged to implement employment equity in ways that are meaningful and relevant to their organization. Evidence of reasonable efforts could include:

- the implementation of initiatives to foster a diverse and inclusive workplace;
- measures to remove employment barriers;
- tailored programs to attract and retain designated group members in areas where they are underrepresented; and
- the establishment of accountability mechanisms supported by senior management to ensure that goals are met.

You may also visit our website to access a number of tools. In particular, we encourage your organization to continue using the <u>Workplace Equity Information Management System</u> (WEIMS). WEIMS can assist you in generating your workforce analysis and contains other data analysis tools, including the Achievement Report, as well as a series of training modules.

Should you require any further information regarding your organization's obligations under the FCP, please contact Maurice Yakibonge at maurice.yakibonge@labour-travail.gc.ca.

Your cooperation during the course of this compliance assessment was appreciated and we wish Carillion Canada Inc. continued success in achieving a diverse and inclusive workplace.
