This document includes responses to questions received from potential bidders and an amendment.

Question 51:**RE CR2**

Even with an increase in the word count from 500 to 1000, CBSA is requesting that bidder's provide detail on numerous bullets for a cloud modernization strategy. This still limits bidders to accurately substantiate that they meet all aspects of the requirement, including the six (6) activity stages—which is limited to less than 170 words per stage.

To ensure the Crown receives detailed and high quality responses, **please amend the word limit in CR2 to 1500 words.**

Answer 51:

The word limit for CR2 is amended to 1500 words.

See amendment below.
