The purpose of amendment number 002 is to respond to vendors' questions and to provide revisions to the subject Request for Proposal (RFP).

Question 1:

Considering this RFP's complex nature, our firm respectfully requests an extension to the due date of 2 weeks, with a new closing date of Tuesday July 9th, 2019.

Response 1:

Canada has considered your request. However, no bid closing date extension will be granted at this point.

Question 2:

Regarding corporate requirement M.2, Item 3:

"3) The billable days for all resource categories must have been provided under a maximum of 5 contracts;"

Our interpretation of this is that the total number of: Appendix B of Attachment 2 - Bidder's Response Template for Corporate References in our response will be a maximum of 5 in order to cover all categories, as opposed to a maximum of 5 for each resource category. If this is the correct interpretation we would like to request that the Crown consider changing the requirement to a maximum of 5 for each category. The current requirement is unduly restrictive to small and medium enterprises (SME) that have the requisite experience providing the required services under smaller contracts. According to the Statement of Work a single integrated development team is not required:

We would submit that SMEs with a large number of smaller projects can be as good or superior to the large integrators in responding to the requirements of "IM/IT professional services in support of various CBSA projects".

To reiterate, we would like to request that the Crown consider changing the corporate requirement M.2, Item 3, to a maximum of 5 contracts for each category.

Note that the ability of the firm to successfully manage large high value contracts is demonstrated in corporate M1.

Response 2:

Canada has considered your request.

Please see the revision to Attachment "2". Note that Bidders can modify the table included in Appendix A to Attachment "2" to include up to 8 contract reference numbers, if necessary.

Question 3:

Can the Crown provide further clarification regarding who is eligible to compete on this requirement?

Response 3:

Only Aboriginal TBIPS SA Holders currently holding a TBIPS SA for Tier 2, in all Resource Categories of a given Workstream, and in the National Capital Region under the EN578-170432 series of SAs are eligible to compete.

Note that a Bidder is not eligible to bid on Workstream 1 if it qualifies only on Workstream 2 and vice versa.

It is the Bidder's responsibility to verify whether it qualifies as an Aboriginal TBIPS SA Holder for Tier 2, in all the resource categories of a given Workstream, and in the National Capital Region under the EN578-170432 series of SAs in the subject bid solicitation.

Please contact RCNMDAI.-NCRIMOS@pwgsc.gc.ca to confirm if your firm is eligible to compete.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED
