The purpose of amendment number 005 is to respond to vendors' questions and to provide revisions to the subject Request for Proposal (RFP).

---

**Question 1:**

**Reference: Workstream 2 – C.1 Strategic IT Security Planning and Protection Consultant – Level 3:**

For Mandatory and Rated requirements (M.1, R.1, R.2 and R.3), the current minimum 6-month project duration is restrictive to a large majority of well-qualified IT Security professionals given that typical government security projects are usually much shorter durations of 1 month or 2 months. Would the Crown please consider reducing the “minimum of 6 months duration” from the current 6 months to 1 month for this resource category?

**Response 1:**

Please see revisions to Attachment 2, Attachment 3, and Appendix C to Annex A.

---

**Question 2:**

**Reference: Workstream 2 – C.1 Strategic IT Security Planning and Protection Consultant – Level 3:**

For Mandatory requirement M.2 – Education, would the Crown confirm that a resource who holds a “Graduate Diploma in Engineering Management, from Ottawa University” and an “Honours BSc Geochemistry from Carleton University” meets the educational requirements for this position?

**Response 2:**

Please see revisions to Attachment 2 and Appendix C to Annex A.

---

**Question 3:**

Platform Analyst SOW tasks

The RFP states that BASD manages IM/IT initiatives such as, but not limited to:

1. The Agency SAP Corporate System
2. Electronic Data Warehouse and Business Intelligence systems/reporting
3. **Business Process Automation, Business to Business Integration and Customs Electronic Commerce Platform**
4. Administrative and Corporate Applications
5. New and Emerging IM/IT security and corporate system technologies  
Infrastructure and evolving new IM/IT initiatives.

- a) Are the tasks identified in the Platform Analyst SOW needed to support the Business Process Automation, Business to Business Integration and Customs Electronic Commerce Platforms?

- b) Can the Crown please provide more details on the type of work that is expected to be performed by the Platform Analyst?

**Response 3:**

- a) No.
- b) In addition to the tasks listed in the SOW for the Platform Analyst – Level 3, the Platform Analyst – Level 3 will be responsible for, but not limited to: providing integration and implementation strategies on the following types of technology platforms - biometrics platform, modern identification platforms and cloud security platforms.
- 

**Question 4:**

For the Strategic Information Technology Security Planning and Protection Consultant; R2 awards points based on years of experience in the development of one or any combination of the following security programs and postures:

- Biometrics
- RFID
- access control
- mobile security

For “access control” would the Crown accept experience in the PKI security field that deals with “access control” based on the development and implementation of PKI security certificates?

**Response 4:**

No. For R.2, the proposed resource should have experience in the development of one or any combination of the listed security programs and postures. The development of PKI security certificates does not qualify under that list.

---

**Question 5:**

In section 3.1 Bid Preparation Instructions, submission option (b) is listed as Soft Copy Bid Submission (CD or USB Key), however within section (i) USB is the only option listed. Would The Crown accept a soft copy on CD in lieu of the USB?

**Response 5:**

Thank you for the information. For a Soft Copy Bid Submission, Canada will only accept bids on a USB Key format.

---

**Question 6:**

Regarding corporate requirement M.1 (4) of Workstream 1: Since standard TBIPS tasks were created in order to establish a common set of experience for specific resource categories/levels, could the Crown please confirm that no mapping is required for given resources with the same category and level as listed

in the subject requirement, and that 50% mapping is only required to demonstrate the relevance of similar, but not same, categories?

**Response 6:**

Please see Solicitation Amendment 004, Response 1.

---

**Question 7:**

This solicitation is intended to result in the award of up to two contracts in Workstream 1 and one contract in Workstream 2. Would the Crown please provide total award values for both streams?

**Response 7:**

Canada has not yet determined the total award values for both streams.

---

**Question 8:**

In reference to A.1 Application/Software Architect L3 grid, criteria R.1, can the crown please confirm if there is a word missing after "to meet business and application"?

**Response 8:**

Thank you for the information. The statement should say "to meet business and application requirements". Please see revision to Attachment 3.

---

**Question 9:**

Given the complexity of the corporate bid requirements in the subject solicitation and the St-Jean Baptiste statutory holiday during the solicitation period, we respectfully request a two-week extension of the closing date to July 9, 2019.

**Response 9:**

Canada appreciates the participation and interest of all pre-qualified suppliers under this solicitation. Due to the urgency of the requirement, Canada will not grant a bid closing date extension at the moment.

---

**Question 10:**

For M2/R1:

Item 2) states that: "For **each resource category** the billable days must have occurred in a 60-month period."

Can the Crown please clarify if the 60-month limit pertains to each individual resource category, or if the demonstrated billed days for **all resource categories** must fall within a 60-month period?

For example:

A.1. Application Architect (Level 3) – 2000 billed days demonstrated between August 2012 and December 2016 (52-month period = compliant)

A.6 Programmer/Analyst (Level 3) – 4000 billed days demonstrated between April 2014 and April 2018 (48-month periods = compliant)

etc.

OR would it be counted as August 2012 to April 2018 (68-month period = non-compliant)?

**Response 10:**

For Corporate Requirements M.2 and R.1, Canada confirms that item 2) evaluates resource categories independently of one another. The billable days do not need to be within the same 60 month period for all resource categories.

---

**Question 11:**

Despite several requests, Amendments 1 to 3 have refused to provide vendors with an extension. There is a much smaller list of qualified suppliers for the Set-Aside Program for Aboriginal Business (SPAB), many of which have the capacity to support the work required by the crown, but which are nevertheless excluded from this competition based on the way the RFP is written. We respectfully ask that the crown allow bidders to demonstrate billable days in 7 of the 10 listed resource categories under M2.

**Response 11:**

Canada has considered your request. However, Corporate Mandatory Requirement M.2 will remain unchanged.

---

**Question 12:**

We request that the crown grant aboriginal suppliers a one week extension to foster open and fair competition.

**Response 12:**

Please see Response 9.

---

**Question 13:**

Can the Crown confirm that to qualify for Workstream 2, the bidder is not required to submit corporate mandatory requirements.

**Response 13:**

Canada confirms that there are no corporate requirements under Workstream 2.

---

**Question 14:**

Please confirm that we are to provide **2** separate bids for this TBIPS requirement even if we are bidding both streams.

One bid for Stream 1 – Technical, Financials and Certifications

One bid for Stream 2 – Technical, Financial and Certifications

**Response 14:**

Canada confirms that Bidders must provide 1 bid per Workstream.

---

**Question 15:**

Please confirm that there are no Corporate Requirements for Stream 2.

**Response 15:**

Please see Response 13.

---

**ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED**

**ATTACHMENT 2 – REVISION 3**  
**BID EVALUATION CRITERIA - MANDATORY REQUIREMENTS**

Technical proposals will be evaluated in accordance with the following evaluation criteria. Substantiation of mandatory requirements must not simply be a repetition of the criteria, but must explain and demonstrate how the Bidder meets the requirement. Where Canada determines that the substantiation of a mandatory requirement is not complete, the Bidder will be considered non-responsive.

Original Solicitation Closing Date = 2019-06-25

**1.0 WORKSTREAM 1**

**1.1 MANDATORY CORPORATE REQUIREMENTS**

ID	Corporate Mandatory Criteria	Bidder's response	
		Met Y/N	Demonstrated Experience (Bidders to insert data)
M.1 <sup>PB</sup>	<p>The Bidder must demonstrate that it has been awarded 2 informatics professional services contracts*, within the last 5 years prior to the Original Solicitation Closing Date, that met the following criteria:</p> <ul style="list-style-type: none"> <li>(1) The contract was in support of an IM/IT system project. A summary of the scope and key responsibilities must be provided;</li> <li>(2) The contract value** was \$2,000,000.00 minimum.</li> </ul> <p>*The above requirement must be demonstrated in a signed letter by the client. The name of the client and the name of a contact person at the client must be provided in the letter. It is requested that an email and phone number also be provided. It is also requested that the description of the informatics professional services be limited to 1 paragraph and the contract title or serial number be included.</p> <p>**value is defined as either the amount specified in the limitation of expenditure article of the contract, plus applicable taxes, or the total price in the contract, whichever is the highest.</p>		

**M.2 PB**

The Bidder must demonstrate the Minimum Billable Days for ALL the resource categories identified below.

To be accepted:

- 1) The billable days must have been for the delivery of informatics professional services;
- 2) For each resource category, the billable days must have occurred, in a 60-month period, within the past 7 years prior to the Original Solicitation Closing Date;
- 3) The billable days for all resource categories must have been provided under a maximum of **58** contracts;
- 4) The work billed for a given resource category must include at least 50% of the associated tasks listed in Article 5 of Annex A - Statement of Work for the same resource category; and
- 5) The Bidder must provide a completed Billable Days Response Template (Appendix A) as well as a Bidder's Response Template for Corporate References (Appendix B) provided in this attachment for each Resource Category.

Resource Category	Minimum Billable Days per Resource Category (1 billable day = 7.5 hours)
A.1 - Application/Software Architect – Level 3	500
A.6 - Programmer/Software Developer – Level 2 or Level 3 or any combination thereof	1000
A.8 - System Analyst – Level 3	500
A.13 - Web Designer Consultant – Level 2	500
I.7 - Platform Analyst - Level 3	500
I.11 - Technology Architect - Level 3	500
B.1 - Business Analyst - Level 3	500
B.6 - Business System Analyst - Level 2 or Level 3 or any combination thereof	1000
B.14 - Technical Writer – Level 2 or Level 3 or any combination thereof	500
P.5 - Project Executive – Level 3	500

## 1.2 MANDATORY RESOURCE REQUIREMENTS

The Bidder must propose one (1) resource for each of the following resource categories and include an up to date résumé for each of the proposed resources.

### 1.2.1 A.1 – Application/Software Architect – Level 3

Name of proposed Resource: _____				
The Bidder MUST demonstrate that the proposed Application/Software Architect – Level 3 has:				
Criteria	Mandatory Requirement	Bidder's response		
		INSERT PAGE # OF RESUME	Met	Not Met
M.1 <sup>PB</sup>	<p>A minimum of ten (10) years of experience designing and documenting architectural specifications for interfaces or integration between new and existing systems.</p> <p>For each project referenced*, the Bidder should provide the following details including but not limited to:</p> <ul style="list-style-type: none"> <li>- Name and description of client organization</li> <li>- Scope, objectives, and project time frame; and</li> <li>- Description of the roles and responsibilities of the proposed resource.</li> </ul> <p>*Each project referenced must be a minimum of 6 months duration to be considered.</p>			
	<p>A college or university degree or post-secondary diploma in Information Technology, Computer Science or Electrical Engineering.</p> <p>Or</p> <p>A Bachelor of Commerce degree with a major in Management Information Systems/Data Processing.</p> <p>The Bidder should provide a readable copy of the degree/diploma in English or French with its bid.</p>			

**1.2.2 A.6 - Programmer/Software Developer – Level 3**

Name of proposed Resource: _____				
The Bidder <b>MUST</b> demonstrate that the proposed Programmer/Software Developer – Level 3 has:				
Criteria	Mandatory Requirement	Bidder's response		
		INSERT PAGE # OF RESUME	Met	Not Met
<b>M.1</b> 	<p>A minimum of seven (7) years of experience as a Programmer/Software Developer in developing either web or mobile applications or any combination thereof using one or any combination of the following programming languages:</p> <ul style="list-style-type: none"> <li>- Java</li> <li>- JavaScript</li> <li>- HTML 5</li> <li>- CSS</li> <li>- C++</li> <li>- Objective C</li> <li>- C#</li> <li>- Kotlin</li> <li>- React</li> <li>- .NET</li> </ul> <p>For each project referenced*, the Bidder should provide the following details including but not limited to:</p> <ul style="list-style-type: none"> <li>- Name and description of client organization;</li> <li>- Scope, objectives, and project time frame; and</li> <li>- Description of the roles and responsibilities of the proposed resource.</li> </ul> <p>*Each project referenced must be a minimum of 6 months duration to be considered.</p>			
<b>M.2</b> 	<p>A college or university degree or post-secondary diploma in Information Technology, Computer Science or Electrical Engineering.</p> <p><b>The Bidder should provide a readable copy of the degree/diploma in English or French with its bid.</b></p>			

## 2.0 WORKSTREAM 2

### 2.1 MANDATORY RESOURCE REQUIREMENTS

The Bidder must propose one (1) resource for the following resource category and include an up to date résumé for the proposed resource.

#### 2.1.1 C.1 – Strategic Information Technology Security Planning and Protection Consultant – Level 3

Name of proposed Resource: _____				
The Bidder MUST demonstrate that the proposed Strategic Information Technology Security Planning and Protection Consultant – Level 3 has:				
Criteria	Mandatory Requirement	Bidder's response		
		INSERT PAGE # OF RESUME	Met	Not Met
<b>M.1</b> 	<p>A minimum of seven (7) years of experience in completing initiatives that support an IT Security and Cyber Protection program.</p> <p>For each project referenced*, the Bidder should provide the following details including but not limited to:</p> <ul style="list-style-type: none"> <li>- Name and description of client organization;</li> <li>- Scope, objectives, and project time frame; and</li> <li>- Description of the roles and responsibilities of the proposed resource.</li> </ul> <p><del>*Each project referenced must be a minimum of 6 months duration to be considered.</del></p>			
<b>M.2</b> 	<p>A college or university degree or post-secondary diploma in Information Technology, Computer Science, <del>or</del> Electrical Engineering, <b>Engineering Management or Geochemistry.</b></p> <p><b>The Bidder should provide a readable copy of the degree/diploma in English or French with its bid.</b></p>

**APPENDIX B OF ATTACHMENT 2**

**BIDDER'S RESPONSE TEMPLATE FOR CORPORATE REFERENCES**

To meet M.2 of attachment 2, the Bidder must have demonstrated contract experience in supplying all of the resource categories or similar resource categories, for the required Minimum Billable Days per category, in a 60-month period, within the past 7 years prior to the Original Solicitation Closing Date. All resources provided must have completed at least 50% of the tasks detailed in Article 5 of Annex A (SOW), for the resource category for which they were provided.

The substantiation must not simply be a repetition of the tasks, but must explain responsibilities and demonstrate how the Bidder carried out the work while performing the tasks.

**APPENDIX C TO ANNEX A – REVISION 2**

**RESOURCES ASSESSMENT CRITERIA AND RESPONSE TABLE**

To facilitate resource assessment, Contractors must prepare and submit a response to a draft Task Authorization using the tables provided in this Annex. When completing the resource grids, the specific information which demonstrates the requested criteria and reference to the page number of the résumé should be incorporated so that Canada can verify this information. The tables should not contain all the project information from the resume. Only the specific answer should be provided.

**Note to Bidders:** Any resulting contract would only list the applicable Workstream(s) below that is(are) awarded to the successful bidder(s) in accordance with the evaluation methodology set out in this bid solicitation.

**WORKSTREAM 1**

**1.0 MANDATORY RESOURCE REQUIREMENTS**

**1.1 A.1 – Application Software Architect – Level 3**

Name of proposed Resource: _____				
<b>The Contractor MUST demonstrate that the proposed Application/Software Architect – Level 3 has:</b>				
Criteria	Mandatory Requirement	Contractor’s response		
		INSERT PAGE # OF RESUME	Met	Not Met
<b>M.1</b>	<p>A minimum of ten (10) years of experience designing and documenting architectural specifications for interfaces or integration between new and existing systems.</p> <p>For each project referenced*, the Contractor should provide the following details including, but not limited to:</p> <ul style="list-style-type: none"> <li>- Name &amp; description of client organization</li> <li>- Scope, objectives, project time frame</li> <li>- Description of the roles &amp; responsibilities proposed resources in the project, process, or initiative.</li> </ul> <p>*Each project referenced must be a minimum of 6 months duration to be considered.</p>			

Solicitation Number:  
47419-206529/A

Amendment Number:  
005

Buyer ID:  
632el

Name of proposed Resource: \_\_\_\_\_

The Contractor MUST demonstrate that the proposed Application/Software Architect – Level 3 has:

Criteria	Mandatory Requirement	Contractor's response		
		INSERT PAGE # OF RESUME	Met	Not Met
<b>M.2</b>	A college or university degree or post-secondary diploma in Information Technology, Computer Science or Electrical Engineering.  Or  A Bachelor of Commerce degree with a major in Management Information Systems/Data Processing.  The Contractor should provide a readable copy of the degree/diploma in English or French with its response.			

**1.2 B.14 - Technical Writer – Level 3**

<b>Name of proposed Resource:</b> _____				
<b>The Contractor MUST demonstrate that the proposed Technical Writer – Level 3 has:</b>				
Criteria	Mandatory Requirement	Contractor's response		
		INSERT PAGE # OF RESUME	Met	Not Met
<b>M.1</b>	<p>A minimum of ten (10) years of experience as a technical writer in the preparation of technical specifications for Requests for Proposals for IM/IT application development projects.</p> <p>For each project referenced*, the Contractor should provide the following details including but limited to:</p> <ul style="list-style-type: none"> <li>- Name and description of client organization;</li> <li>- Scope, objectives, project time frame; and</li> <li>- Description of the roles and responsibilities of the proposed resource.</li> </ul> <p>*Each project referenced must be a minimum of 6 months duration to be considered.</p>			
<b>M.2</b>	<p>A college or university degree or post-secondary diploma.</p> <p><b>The Contractor should provide a readable copy of the degree/diploma in English or French with its response.</b></p>
