The House resumed consideration of the motion of Ms. Chagger (Leader of the Government in the House of Commons), seconded by Ms. Qualtrough (Minister of Sport and Persons with Disabilities), — That, in the opinion of the House, climate change is a global problem that requires a global solution; and that, despite the withdrawal of the United States from the Paris Agreement, Canada remain committed to the implementation of the Agreement, as it is in the best interest of all Canadians; (*Government Business No. 15*)

And of the amendment of Mr. Poilievre (Carleton), seconded by Mr. Schmale (Haliburton—Kawartha Lakes—Brock), — That the motion be amended by adding the following:

“in particular, the interest of taking a realistic and achievable approach, as the previous government did, and finding the appropriate balance between protecting the environment and growing the economy in a way that does not increase the overall tax burden on Canadians”;

And of the subamendment of Mr. Choquette (Drummond), seconded by Ms. Boutin-Sweet (Hochelaga), — That the amendment be amended by deleting all the words after the words “realistic and achievable approach,” and substituting the following:

“and finding the appropriate balance between protecting the environment and growing the economy and that the House therefore call on the government to commit to new science-based targets that deliver on Canada’s undertakings from the Agreement, and to specific measures and investments to achieve those greenhouse gas reductions”.

The debate continued.

At 8:00 p.m., pursuant to Order made earlier today under the provisions of Standing Order 57, the Speaker interrupted the proceedings.

The question was put on the subamendment and it was negated on the following division:

And of the amendment of Mr. Nicholson (Niagara Falls), seconded by Mr. Albrecht (Kitchener—Conestoga), — That the motion be amended by deleting all the words after the word "That" and substituting the following:

"the House decline to give second reading to Bill C-45, An Act respecting cannabis and to amend the Controlled Drugs and Substances Act, the Criminal Code and other Acts, since the bill makes homegrown marijuana more accessible to children.".
